   b) Current Workstreams
• Under the Housing and Economic Recovery Act of 2008, Fannie Mae and Freddie Mac have a Duty to Serve three underserved markets – manufactured housing, affordable housing preservation, and rural housing – in a safe and sound manner for residential properties that serve very low-, low-, and moderate-income families.

• After issuing a proposed rule in December 2015, FHFA issued a final rule on December 13, 2016 to implement the Duty to Serve requirements.

• FHFA’s final rule requires the Enterprises to develop three-year Underserved Markets Plans.

• In 2017, both Enterprises proposed their first Plans in the spring, took public input and revised their Plans. FHFA non-objected to the Plans in December. Plan implementation commenced January 1, 2018.

• Each Enterprise will submit its final report for 2018 by March, 2019.
