Duty To Serve Discussion
Mike Dawson, VP Affordable Lending Strategy and Policy

July 11, 2018
Duty to Serve

Housing and Economic Recovery Act established for the GSEs the duty to serve very low-, low- & moderate income families in three underserved markets

**Manufactured Housing**
Titled as:
- **Real property** – resident finances the unit structure and the land together
- **Personal property (chattel)** -- resident finances the unit structure without owning the land

**Rural Housing**
**Regions**
- Middle Appalachia
- Lower Mississippi Delta,
- Colonias – located in Arizona, California, New Mexico and Texas
- Persistent Poverty Areas

**Populations**
- Members of a federally recognized Native American tribes
- Agricultural workers

**Affordable Housing Preservation**
- Financing of single-family **energy efficiency** improvements on first lien mortgages.
- Affordable homeownership preservation through **shared equity** programs administered by nonprofits, or state or local governments.
Duty to Serve – Underserved Markets Activities

How we will get there…key tactics

**Manufactured Housing**
- Promote a greater understanding of the manufactured housing market through research
- Increase purchases of manufactured housing as real property
- Increase borrower access to education and resources
- Provide product flexibilities & innovations to support real property
- Initiate policy changes for manufactured housing as personal property
- Partner with industry leaders to improve product offerings

**Rural Housing**
- Increase borrower access to education and resources
- Increase technical expertise for lenders and appraisers to increase participation in the market
- Provide product flexibilities & innovations to support market need
- Provide support to the market through research & development of a robust renovation product
- Deepening industry partnerships
- Increase purchases in rural regions & from small financial institutions

**Affordable Housing Preservation**
- Increase borrower access to education and resources
- Increase technical expertise for lender and appraisers to increase participation in the market
- Develop valuation guidance and data collection mechanisms to account for energy-efficient property features
- Initiate policy changes for new product features and underwriting flexibilities
- Provide education on shared equity models to lenders
- Conduct energy efficiency and shared equity research to present solutions
